

Companies / Responsibilities

The following is a short synopsis of the companies and general work and achievements during a 46-year professional work career.

VISION Consultants®, Phoenix, AZ

Consultant to the Construction Industry and High-Tech Industries
Project Management Training & Consulting and Construction Claims

POSITION: Consultant, President

17-years

Vision Consultants is a small consulting firm that has done CPM training, Primavera software training and implementation, construction claims services either as the prime or as a sub/co-consultant, scheduling services, risk analysis, project management, InfoMaker report design and training, construction progress evaluations. This work spanned numerous major industries and large public and private projects. I am a certified Instructor for Oracle University in Primavera software, and a 27 year Construction Arbitrator/Expert Witness.

KJM & Associates, Phoenix, AZ

Program, Project and Construction Management Services

POSITION: Senior Technical Consultant

1-year

KJM is a project management consultant. While continuing to run my business, I worked for one year for KJM for a special assignment at Maricopa Department of Transportation. (They were purchased by Hill, International.)

High-Point Schaer, Phoenix, AZ/LA, CA

(High-Point Rendel, now Pinnacle One)

International Consultant to the Construction Industry

POSITION: Project Manager, Delay Analysis Expert

3-1/3-years

High-Point was a US-wide firm that concentrated on Construction Claims services of all kinds. I was a Senior Project Manager for High-Point and managed / did the consulting / analysis for claims we defended or prepared.

New Mexico Nielsons, Inc.

General Contractor - Industrial/Commercial/Heavy

POSITION: Vice President / Licensed Contractor

1-1/2-years

I was the Vice-President and Qualifying Contractor. New Mexico Nielsons did State of New Mexico highway work and various industrial projects.

Nielsons, Inc.

General Contractor - Industrial/Commercial/Heavy

POSITION: Senior Project Manager/Claims Expert

5-years

Nielsons was a general contractor doing work in Colorado, New Mexico, Nevada, and Oklahoma. I spent most of my time with the industrial group, having constructed three wastewater treatment plants, and a cogeneration plant at New Mexico State Penitentiary.

Consultant to Construction Industry, Dallas, TX

POSITION: Private Consultant

6-months

Did some design for past customers such as General Portland and several construction claims with Frisby and Associates, Inc.

Claudius Peters, Inc., Dallas, TX

Process Equipment Manufacturer (Mechanical)

(Hydraulics, Pneumatics & Thermal Mechanical)

POSITION: Manager of Project/Contract Mgmt. Dept.

1-1/2-years

Companies / Responsibilities

Claudius Peters was an equipment supplier supplying both the petro-chemical and minerals process industry with engineered equipment. I managed as many as 12 project Managers.

Humboldt Wedag, Div. Deutz Corp., New York

Process Plant/Equipment Manufacturer & Consultant
(Complete Plant Processes & Infrastructure)

POSITION: Senior Project Manager/Engineer

4-1/2-years

Humboldt was an equipment supplier capable of complete turnkey process plant supply in all areas of the world. I sold the engineered jobs, managed them, and started them up. Jobs were in the US and in many remote World locations. This involved scheduling, inter-coordination, technical management, of engineering, construction and process/secondary equipment supply firms.

Bendy Engineering Company, St. Louis, Mo.

Process/Design Consulting Engineer/Construction Manager
(Mechanical and Process Design, Structural Design/Interface)

POSITION: Mech./Struct. Design/Project Engineer, Project Manager

13-years

Bendy is where I matured as an engineer and a manager. Bendy was a small firm of around 130 engineers and draftsmen, but with large industrial projects around the United States.. We were recognized as experts of process and plant design for the continuous processing minerals industries. We had a Process, Electrical power, Instrumentation, Mechanical / Plant design, and Structural departments. I spent time in both the Mechanical and Structural departments prior to becoming a Project Manager. During this time I worked on or managed hundreds of projects.

McDonnell Aircraft

Lines and Templates Group

1-years

At that time McDonnell was one of the primary defense contractors, supplying the Department of Defense and NASA. I worked in the lines group.
